

On the Market

Users can view data to compare costs from year to year and can compile such reports as income statements, balance sheets, plate costs, meals per labor hour (all by school), expense allocation costs, indirect cost calculations and trial balances. Other K-12 cafeteria software programs available from the company include Point of Sale, Free and Reduced, Inventory Management and Online Payment. For more information, visit www.mealsplus.com.

Safety Control Horizon Software has partnered with **SMART Temps, LLC**, to develop an integrated temperature management system, TempAlert™, that allows school foodservice professionals to more efficiently control food temperatures, as well as monitor refrigerator and freezer temperatures. The TempAlert system is powered by SMART Temps™ technology; if temperatures are not in the proper range, an alert will be sent through e-mail, text message or telephone. For more information, visit www.horizonsoftware.com or call (800) 741-7100.

Door to Door New from **Champion Industries** is a vertical split door option for its line of flight warewashing machines. The insulated new door

features an ergonomic design with easy access for cleaning. The design is meant to create a tight seal without the need for gaskets or replacements. For more information, visit www.championindustries.com or call (800) 532-8591.

With a Berry on Top

The new Acai Berry and Raspberry Topping by J. Hungerford Smith of **ConAgra** is now available for school foodservice. Students are always interested in what's different, and the combination of the tangy South American acai berry

and sweet raspberries creates a smooth consistency for versatile use. The topping comes ready to serve, working well with shakes, parfaits, smoothies, desserts or breakfast items. Learn more by visiting www.conagrafoodservice.com or by calling (800) 357-6543.

At Home with Italy

Offer your students the homemade taste of Italy with **Advanced Food Company's** improved Prima Italian Style Beef Meatballs. The fully cooked meatballs are now packed with more Italian flavor, plus extra Romano cheese and Italian herbs and seasoning than previous versions. Find out more at www.advancedfoodcompany.com or call (888) 723-8237.

Breakfast Bonanza Jones Dairy Farm

has added two new products to its foodservice line. Natural Cherrywood Smoked Precooked Bacon comes in three slice sizes—regular, thick and extra thick—and is slow-smoked with cherry hardwood to bring out its sweetness. The All Natural Precooked Turkey Sausage Link is packaged in a collagen casing for a more upscale presentation. In addition to the 8-oz. Turkey Sausage Link, Jones Dairy Farm also offers three turkey sausage varieties—a 0.67-oz. skinless link, a 1.35-oz. patty and a 1.4-oz. patty. For more information, visit www.jonesdairyfarm.com or call (800) 635-6637.

Just Desserts Dawn Foodservice

recently introduced R&H Baked Brownies, giving school nutrition professionals the opportunity to offer convenient dessert options or on-the-go snacks for students. The brownies come in three varieties: traditional, iced fudge

and iced fudge with nuts. They are packaged in pre-scored trays and can be thawed

and served easily. For more information, visit www.dawnfoods.com or call (800) 248-1144.

Morning Munchies

New from **Rich Products Corporation** is the freshly baked Ultimate Breakfast Round™, made from whole-grain oatmeal, wheat bran and wheat germ. Each 2.5-oz. "UBR™" provides 65% of students' required daily allowance for whole grains. Ultimate Breakfast Rounds come in Cinnamon and Razz-berry Dazzle™ flavors. Other breakfast options from the company include Cinnamon Rolls (available freezer-to-oven or pre-proofed) and ready-to-assemble Flatbread A.M. Sandwiches, which can be filled with eggs and fresh vegetables. For more information, visit www.richsfoodservice.com or call (800) 356-7094.
